JAMES A. RICH, Treasurer.

Annual Report of the Superintending School Committee.

TO THE INHABITANTS OF BRADLEY:

In accordance with law and custom we submit a report of the schools.

It is with pleasure we state in general terms that the schools have been prosperous, and that fair advancement has been made.

We shall not enter into any discussion in regard to the merits or defects of any particular school.

We cannot forbear, however, calling your attention to the winter Free High School which has been under the charge of Mr. Brown. We were very much pleased with the school, and regret that it has not had more visitors so that each might see for himself the fine work that has been done there.

The work of the schools has been much more comfortable and pleasant to the scholars and teachers, by reason of the fine new school-houses, and we congratulate you, fellow citizens, on the improved condition of your school buildings.

The following is the exhibit of the debits and credits of the school funds placed at our disposal, the items of which are reported by the Selectmen:
